## A Little History

As a child, my siblings and I grew up visiting the northwoods with my parents and my Grandpa Coel. We had a small deer hunting shack with no electricity and a pop-up camper on 80 acres off County K that our family has owned since the 30's – and still do. These times are my fondest memories as a child – camping, bonfires, swimming, and fishing on the many lakes in the area. My sisters' kids and mine have all grown up in the same way, carrying on the traditions, of catching frogs and toasting s'mores year after year on grandpa's land. Dinners were often spent traveling to various local restaurants and pubs, watching wildlife out the picture windows and sharing in each other's company. One of those places, and among my grandpa's favorites, was this very Hillside Inn.

As I get older I realize all the more how important those moments spent with loved ones are. It is my hope that you and your loved ones will also think back to your time spent in the beautiful northwoods, including dinners with family and friends enjoying good food and drinks at The Hillside Tavern & Grill. Your experience is important to us, so please don't hesitate to mention if there is something we could do to make your visit a better one.

Most sincerely,  
Gina and Family
